Jesus Christ is the True God And Eternal Life

But you, Daniel, shut up the words, and seal the book until the time of the end; many shall run to and fro, and knowledge shall increase.
Daniel 12:4

Go your way, Daniel, for the words are closed up and sealed till the time of the end. Many shall be purified, made white, and refined, but the wicked shall do wickedly; and none of the wicked shall understand, but the wise shall understand.

Daniel 12:9-10

**Before you begin reading this Teaching,
Take a few minutes and meditate on the following question:**

Where will you spend your Eternity?

In Heaven?

Or

In Hell?

**Hell is Real, and it is Eternal.
Think about it!**

Enjoy your Reading! May God reveal Himself to you!

Warnings

This Book is free of charge and can in no way constitute a source of business.

You are free to copy this Book for your preaching, or for distribution, or also for your Evangelism on Social Media, provided that its content is not modified or altered in any way, and that the website mcreveil.org is cited as the source.

Woe to you, greedy agents of satan who will try to market these teachings and testimonies!

Woe to you, sons of satan who like to publish these teachings and testimonies on Social Media while hiding the address of the website www.mcreveil.org, or falsifying their contents!

Know that you can escape the justice system of men, but you certainly will not escape the judgment of God.

You snakes! You brood of vipers! How will you escape being condemned to Hell? Matthew 23:33.

Nota Bene

This Book is regularly updated. We recommend that you download the latest version from www.mcreveil.org.

Table of Contents

Warnings.....	3
1- Introduction	5
2- The circumstances of my death.....	5
3- The astral world of sorcerers and slaves.....	7
4- My life on the surface of the earth as a Revenant	9
5- The mystery of the submarine world	11

TESTIMONY OF A REVENANT

(Updated on 01 01 2024)

Before reading this testimony, we encourage you to read an important warning that we have made concerning testimonies. This warning entitled "Warning Testimonies" can be found on the website www.mcreveil.org.

1- Introduction

Dear brothers and dear friends, we are happy to share with you this somewhat singular testimony. This is the story of a young man named Matthew Badjoko who was dead and buried, and who by the grace of God, returned to earth after 3 years in the world of satan. This testimony will open your eyes to what is really happening after death.

For you who are already born again according to the Bible, it will lead you into another dimension of spiritual warfare. And for you who make pacts with satan to enrich yourself or to become famous on earth, it will help you know what awaits you in the coming days.

Please read this testimony carefully. It confirms the teachings on "***Spiritual Warfare***" and on "***Discernment***" that we made available to you a few years ago. You will find them on the website www.mcreveil.org. Please also reread these teachings.

2- The circumstances of my death

I want to start by explaining the mystery of death. It must be understood that there is natural death and mystical death, which is a premature and fabricated death. We talk of natural death when a human being dies after exhausting the number of years allocated to him by God, because God has set a specific number of years for every man on earth. But in the mystical or premature death that is perpetrated by the servants of the devil, a person dies without exhausting the number of years allocated by God to him. Many men and women have their lives interrupted prematurely, without reaching the number of years allocated to them by God. In fact, Lucifer is always looking for human spirits to use as demons.

In fact, many evil spirits who are at war against Christians and humanity are human spirits, I mean humans who died before their time, and were then enlisted and integrated into the devilish army of lucifer. Officially, they are dead, but they are still operating on the surface of the earth. Beloved, we are at war against demonic spirits and human spirits. Satanists constantly offer human sacrifices to the devil. And the spirits of these victims are transported to the devil's realm and they are used as demons until they reach the number of years that God has allocated to them. This was my case. I died prematurely as a victim of witchcraft and human sacrifice, and I was transported to the submarine world to serve lucifer as a demon.

I am brother Matthew Badjoko. I am well known in the country. I was born in the eastern province of the Democratic Republic of Congo. That's where I grew up and that's where everything happened. I mean, that's where I was dead and where I was buried. My testimony is well known by state officials. The

government and parliament had investigated my case and they know my story. They investigated and certified that I was indeed dead and buried. During investigations by provincial and national authorities, I was imprisoned pending the conclusion of the investigation. They wanted to feel reassured that I was not a simple usurper who was seducing the people. In fact, the devil knew that I would be a servant of God. So he tried to interrupt my life. My death was not natural, but a masquerade perpetrated by sorcerers.

My story began when my uncle died. After the death of my uncle, my father who had the means took the responsibility to raise and finance the studies of my cousins. And among my cousins, there was one to whom my father had entrusted money to fend for his brothers, and to be independent. But we noticed that he had become relatively rich in a very short time. Initially, we attributed this to his ability and business skills, but that was not the case. To tell the truth, he had resorted to occultism and black magic to excel, advance, and enhance his business. He wanted to become a great businessman but he was impatient. And so, he sought a shortcut by resorting to occultism.

As a result, he was supposed to offer human sacrifices to excel and prosper his business. Blood had to flow. And since at that time we had a lot of house helps at home, he targeted one of them. A few days later, one of our house helps fell seriously ill. He was the target of my cousin who wanted to sacrifice him to the devil for his business. We noticed that his health was deteriorating even though he was receiving medical treatment. I then suggested to him to find men of God for prayer. Once my satanist cousin heard about my suggestion, he was angry and started insulting me. I had a hard time understanding his attitude. In fact, my cousin was already deep in occultism and he knew the power of prayer.

The Bible says that the fervent prayer of the righteous is very effective. It was after visiting a local church that our servant was delivered and cured of his mystical illness. And our servant continued earnestly in prayer and in the presence of God after his healing. Therefore, he had become out of reach of my satanist cousin. And when my cousin realised that he had lost his prey, he decided to sacrifice me instead of our servant. Since it was I who had suggested to our servant to go to church, I had to replace him as a sacrifice. In order to sacrifice me to the devil, my cousin used money he had bewitched as a tool against me.

It was during the exams period at school. As I had not paid the totality of my school fees our principal prevented me from taking the test. So I left the classroom where the exam was taking place, and I was on my way home, when I met my satanist cousin. After telling him what happened at school, **he offered me 5 dollars; but this money was cursed.** Although I had enough money in my pocket to complete my fees, I wanted to disturb my parents. **This is how my cousin bought my soul with this money that was bewitched. The next day I fell ill.** I suffered from intense headache. Later in the hospital, I was operated upon but the doctor could not diagnose the disease that tormented me since it was of mystical origin. I can remember that since the day my cousin gave me the money, I started having strange dreams. I dreamed of people who had died, I dreamed of coffins and cemeteries. Later, I saw in my dreams weird people who made fun of me. They said to me, *"You're going to die Matthew,*

we've already got you, it's over for you." These sorcerers were celebrating, saying, *"We got you."*

After that, I was taken to the hospital. The doctors could do nothing for me, because the source of my illness was mystical. I was taken from one hospital to another. At one point I said to myself: *"Since modern medicine cannot do anything for me, if I stay in the hospital I may die, I have to resort to prayer."* So I asked my family to take me to Church. My family took me from the hospital to the church, and there I saw the effectiveness of prayer because my health had improved all of a sudden. I then asked my family to let me under the supervision and guidance of men of God. I said to myself, *"If I am interned in the Church, I have the chance to be healed completely."* My family agreed with me. They left me under the care of men of God. But when my sorcerer cousin learned that I was transferred to the Church, he became uncomfortable. He sent demonic spirits **to manipulate** my family. As a result, they came to uproot me from the church and from the hands of men of God by force, because they were influenced by demons deployed by my cousin who knew that the only way to kill me was to keep me away from men of God. Otherwise he would lose me as he had lost our servant.

I was then taken home; the day after the illness came back and forcefully; it was worse than before. Since doctors could not diagnose this mystical disease that was changing places in my body, I was taken to the Kisangani University Clinic, but the doctors were surprised to see my condition deteriorate despite their efforts. My family exhausted its resources on a mystical disease that modern medicine could neither diagnose nor treat. As I was desperate at the hospital, I saw my spirit go out and enter my body twice. Then I heard the doctor tell my mother that there is no hope for me. I remember that day, I heard the doctors talking to each other and they said, *"Matthew is going to die, we can't do anything for him anymore."* A few hours later I saw my spirit coming out of my body, but instead of reinstating my body in a normal way, my spirit went to stay in my leg.

At that very moment, I heard the doctor announce to my family the news of my death. I saw and heard all the shouts, cries and lamentations. Mystical death involves moving the victim's consciousness and keeping it away from its location, either in the body or outside the body. We will come back to that. I saw everything in this university clinic but I could not establish any communication with my family and the doctors. I witnessed my death and attended my funeral. I remember one night during the funeral, almost everyone was asleep. I saw my mother shed tears in agony for me. I was so sad to see her crying so I started crying. And while I cried, people noticed tears in my corpse's eyes. On the day of the burial, my corpse was transported to the cemetery and I attended my burial. After the cries and lamentations, all the family and friends returned home. Let me remind you that even today my family has the death certificate and the burial permit issued by the authorities.

3- The astral world of sorcerers and slaves

On the day of my burial, after the departure of everyone, I remained alone in the cemetery. It was dark and was very hot in the coffin. When it was late at

night I heard a swarm of people on the surface, like the voice of a group of people. These people introduced a stick that penetrated my coffin. Then I heard someone calling my name. He raised his voice and said, "*Matthew, come out!*" When this voice called me for the third time, something happened. In fact, my corpse came out mystically from my coffin and crossed the gravestone. I found myself on the surface, and those people who were sorcerers returned my spirit into my body, and I recovered consciousness. I came back to life and I was alive again and full of strength. The mystic disease that killed me was gone. My consciousness was back in my body again. Then suddenly, I saw a number of people dressed in black in a queue. They were under the control of sorcerers who were their executioners.

Among these executioners, I noticed the presence of my cousin the occultist. When I saw him, I tried to question him about what was happening because all this was like a movie to me. But I was beaten seriously and I was instructed to keep quiet. You must never die in the hands of sorcerers; victims of witchcraft are tortured in an intense and atrocious way. In fact, you will spend the rest of your life in torture because you will be a slave. My cousin was cold and emotionless towards me, as if he did not know me. We must know that when sorcerers are in the operating mode at night, they become like demons devoid of empathy and compassion. So, after being beaten up, I was instructed to join the people dressed in black who were in the queue. As soon as I joined them, we instantly changed location. In fact, these people in black were victims of human sacrifice like me.

As soon as we left the cemetery, we landed in the astral world of sorcerers in the headquarters of slave trade. In fact, every human being who has died a victim of human sacrifice becomes a slave in the invisible and visible world. It was in this astral world of sorcerers that my memory was lobotomised. I found in this area of sorcerers a crowd of people who had died of witchcraft. They were deprived of their identity and became slaves. This place was a real slave market where sorcerers and satanists sold and bought souls who were victims of human sacrifice and witchcraft. All these slaves were wearing black pair of shorts and were bare-chested. When I arrived I was stripped naked. I was ordered to wear the black pants, because all these slaves were in black pants with a specific number like prisoners, and they were identified by the number of their pair of shorts since they had lost their identity. Slaves were grouped together in relation to the nature of forced labour they had to do. But once I put on that black pair of shorts something happened in me.

My humanity was captured, I lost consciousness of what I was. In fact, my memory was lobotomised. I did not know who I was, where I came from and which family I came from. I lost my human identity and received a new identity that is that of a slave. A few days later, we were still there in the slave market when an order of 4 slaves was placed in the market; these 4 slaves had to go to work on the earth. I was instructed to join the other 3 and we were transported to the surface of the earth, to work in shops belonging to servants of satan. As soon as we arrived on the earth, I was surprised to find that we were in the city of Barumbu, a large economic city in our country where there are lots of commercial activities. My father used to take me to this city for the purchase of items. I recognised the city.

4- My life on the surface of the earth as a Revenant

Once we arrived on the earth, each of us was assigned to a shop he had to manage. Once I started working in this shop, I had to employ 4 people who had to work with me. These workers did not know that their leader was a ghost, a dead man. I was in a situation where I was dead and officially buried, but I was working on the earth several kilometres from my region. I was supposed to **receive the items for sale from satan's world** every Monday, and return the money every Saturday. While I was selling in this store, I was still in black pair of shorts, but my workers and the customers who came to this store saw me well dressed. Their natural and optical vision captured only the false identity and appearance I had adopted. They saw me as a normal man and well dressed, but in reality I was still in my mystic pants and bare-chested. Only those who are advanced in occultism could identify me as a ghost and see my true nature.

Every day after the sale, we closed the shop and spent the night in nightclubs, bars and hotels. When we went to these bars and hotels, we even slept with women. Sometimes I took women and went home, but in reality we did not have a house. We slept in the cemetery, but the perception and the optical vision of these women were manipulated because they saw the cemetery as a neighbourhood and the tombstones as houses. I slept with women on the tomb. Often they woke up in the morning at the cemetery, lying over the gravestones. Their lives were thus destroyed. While I lived on earth as a ghost, I had even betrothed a girl since I could take on various identities. I remember getting engaged to a girl who became very attached to me because of money. Her family loved me because they thought they were dealing with a businessman. They did not know that I was officially dead. But this girl eventually disappeared from the face of the earth, because she was removed to the world of satan. I regret her passing away because her family will never see her again, not even her corpse.

One day, while I lived as a ghost far away from my family, I saw my father, but he could not see me, because I was invisible in this boat where he was travelling; I was right at his side because I wanted to see him. And I was happy to see him. As a ghost I could disappear and operate as an invisible spirit because I was functioning like a demon and sometimes we were harming people. I would like to emphasize that **all those who have been subjected to rituals, incisions or ceremonies in the name of custom and tradition, have the door of their lives greatly open** and these doors drew our attention to attack them. I was really a demonic spirit. **I could come into your house and steal your money, even if you hid it in a suitcase with codes. Whenever I gave someone money, I captured his chances, wealth and star. In life you must not accept money from someone you do not know.** He can buy your life with this money. So I lived 6 months on the surface of the earth with my pants, but ordinary men saw me well dressed.

You should know that God has given each human being a specific number of years to live on the earth. Sorcerers and satanists who attend the world of pandemonium know exactly what year they are supposed to die. The world of the devil knows precisely how many years God has given every human being to live on the earth. And since I lived in the world of satan for 3 years, I know how many years I am supposed to live on the earth. In the invisible war between the

kingdom of light and darkness, the devil needs human spirits to enlist them in his army. As a result, he kills people through witchcraft, which is a branch of black magic. Since these victims died prematurely, they cannot go to Hades. These souls are mostly enlisted in his army. They will work like demons until they reach the number of years predetermined by God. It is then that they will go to the abode of the dead. My death was not natural; my life was shortened and interrupted by satan's sons. Many people die prematurely.

After their death, they are taken to the world of satan as slaves to do forced labour. Some are displaced far from their region and country where they work as slaves in fields. They would work as slaves or as demons until the number of their years is reached. While I was dead and officially buried, I was working away from my region as a store manager. There is an industry of slavery in the invisible world of sorcerers where men and women who are killed on earth by mystical methods are sold as slaves. In fact, there are markets and places of soul transactions in the astral world of sorcerers, where sorcerers and witch doctors sell and buy souls who are victims of human sacrifice. I saw a crowd of people in these markets, people officially dead on the earth, but who continue living as ghosts.

I remember when I was selling in this store, one day my former teacher came to buy stuff in my store. He could not recognise me because I had another identity, but I could recognise him. While he was shopping, I asked my workers to give him a few appliances as a gift. He was surprised and suspicious. He could not accept and understand all this. He said to me, "*Sir, I do not know you, how can you give me all these for free?*" So, I decided to reveal my identity to him. When he saw my face, he was terrified and shouted, "*Matthew, but you're already dead.*" He was so terrified that he ran away, abandoning the stuff he came to buy. Later, he went to inform my family of what he saw. There was confusion in the family. Normally, ***revenants take on appearances and identities depending on the place of their mission.*** If they are sent to work in a field in Europe, they will take on the appearance of a white and they will be perceived as whites by natural men, even if they are of a different race.

My customers could not imagine that they were dealing with a living dead person from the invisible world. Many corporations, companies and enterprises belong to the realm of darkness. Bosses and leaders of these companies are not necessarily ordinary men. One day, while I was working in this shop, I saw a phone and there was a particular number. It was the store number of the cousin who had sacrificed me. When I called this number, as he was absent, I had to talk with his younger sister who was present. I told her, "*Julia, I am your brother Matthew.*" She replied that Matthew is already dead. But as I insisted, she eventually fell into a coma because of panic and she was rushed to the hospital. When she came out of coma, she reported to the family what had happened. People were overwhelmed by what she was saying.

A few months later, I called the same number again. Julia received me on the phone. She was overwhelmed by events; I told her, "*Julia, go home and tell my parents to send me some clothes because I'm here half-naked.*" Julia was so terrified that she hung up the phone. When the cousin who sacrificed me heard about it, he reported me to the astral world and the authorities delegated

someone who took the phone by force and warned me not to use the phone. I was still a black man but the customers perceived me as an Arab, because I had taken a false appearance. I recognised some of my customers but they could not recognise me. Humans on the street are not all ordinary men. I was already functioning as a demon, a human spirit serving the kingdom of lucifer.

5- The mystery of the submarine world

One day, while I was going about my business as usual, I was visited by a mermaid from lucifer's world of pandemonium. She is called Madame Jacqueline. She had come to the surface of the earth to inspect the businesses and industries of the dark world in the region. She inspected my store within seconds. She proposed to use me as her servant, and she asked me to join her in the underwater world where she lives. She said to me, *"Your work here on earth is finished. From now you will work as my bodyguard in the world of the waters."* The next day, she came with the person who was to replace me and I handed him the key. The day I was going to the submarine kingdom came; we were in a group of 4; we were all servant spirits in the shops of agents of satan in the city. The mermaid came to gather us and we went to the bank of the Congo River.

She explained to us the ritual we had to do to open the inter-dimensional gate to the submarine kingdom. Before disappearing, she gave us a New Testament, a perfume, two black candles and an egg. She gave us a Bible verse that we were supposed to recite during the ritual and the incantation. The mermaid selected a leader among us. She explained to him the prayer of incantation to be done in the New Testament. She instructed him to put the perfume on our eyes after the prayer and to throw the eggs into the river as soon as the candles go out, in order to open the inter-dimensional gate leading into the underwater world. Then, she disappeared. So our colleague began to pray with the New Testament. Then he put the perfumes on our eyes and as soon as the black candles that were lit went out, he threw the eggs into the Congo River. The river withdrew as when the children of Israel walked in the Red Sea. And then a golden boulevard emerged in the middle of the river, and this boulevard reached the bank of the river. In fact, this golden boulevard led directly into the underwater world: ***The pandemonium.***

As soon as we went down this golden boulevard, we saw in front of us a magical, fairy-like and mysterious world that we have never seen since we were born on earth. It was an urban and sophisticated civilization. It was another universe. To tell the truth, there is no city on earth that can match submarine civilization. We saw huge constructions and advanced architectures. The level of technology and sophistication is far ahead human civilization. The infrastructures of this cosmopolitan and prehistoric world go beyond those of human civilization on the surface of the earth. This city is a dazzling metropolis, built with precious stones. When we arrived in this metropolitan city, we saw the great lady of the sea, the mermaid Jacqueline who was waiting for us. She received us enthusiastically and then took us to her palace. Once we arrived at her palace, she introduced us to her staff and workers. She told them, *"Here are my new bodyguards."* When we started the new life in this mysterious world of lucifer, I started seeing the elites who manage our world.

I saw royal families, aristocrats, the upper class and the people we see on television. I saw our musicians, I was shocked to see all the famous people we watch on TV. I saw them all in the kingdom of lucifer, the submarine kingdom. They live there and regularly attend lucifer's meetings. This kingdom is ruled by the world government of lucifer. There are two Congolese in this government: **One is a pastor** and the other is a musician who dresses as a fitter. In this government of satan, there are those who sit at the left hand of lucifer and those who sit at his right hand. Many satanists claim to be secretaries of lucifer, but in reality the secretaries of lucifer are fallen angels, not humans. He was betrayed and exposed by many former satanists who came to Christ, so he no longer has trust in man. The mermaid we were serving is a member of satan's government. It is thanks to her that we could see lucifer. Access to the throne of lucifer is not given to everyone because he is god in the underwater world. It is the members of his government like Jacqueline, Andou Sankara and Nabam who have easy access to him.

The destruction of humanity is the main and strategic goal of satan's world, hence the need for parliament to debate this subject. I would like to recall that I went to live in the world of lucifer with my physical body and not in spirit. The construction of houses in the underwater world by marine spirits is done by the spoken word. To build a house in the water world, demons pronounce the word and they specify the structure of the house, and the house appears. **We must know that in the underwater world there is a government and a parliament, and in this universe under the sea, parliament is continually debating and determining how to destroy humanity.** When we arrived in the water world, Jacqueline who is a mermaid of the toilet installed us in our respective homes. She was supposed to come and pick us up every time she needed us.

After we had settled in our homes in this mysterious world, she asked us to get married before serving her. She offered us women. But these beautiful women were goddesses, ladies of the sea, mermaids of waters. So we got married. **The celebration of our weddings was no different from the one happening on the surface of the earth.** After my marriage to the lady of the sea, Jacqueline offered us another house. I had 4 children with my wife the mermaid that I left in the submarine kingdom. When a mermaid is pregnant, her pregnancy lasts only a few days and the children born from the marriage between men and mermaids are hybrid demons, but these demons are not immortal. And these children who are demons grow up in a very short time. In fact, when these children become adults they are often sent to the surface of the earth with specific missions. **When they come to the surface of the earth, they look so much like ordinary men to the extent that it is difficult to detect them.** They manage corporations and large companies.

The Bible says in Genesis 6:1-2,4 *"When men began to increase in number on the earth and daughters were born to them, the sons of God saw that the daughters of men were beautiful, and they married any of them they chose. ... The Nephilim were on the earth in those days - and also afterward - when the sons of God went to the daughters of men and had children by them. They were the heroes of old, men of renown."* The underwater world is filled with hybrid

demons from the union of men with sea ladies: mermaids. The infernal world of lucifer is under the water. ***As Christians, we must know that under the seas, rivers and oceans, there are different kingdoms***, there are cities and agglomerations with dense populations. There are people there living a life that is not very different from our life on the face of the earth, because the agglomerations that are under the seas, under the rivers and oceans, are physical civilizations with infrastructures as on the surface of the earth. People who live there go to work and get paid. They get married and they give birth to children; they have boulevards and cars. They have bars and restaurants.

6- My education and training in the submarine kingdom

After my marriage to the mermaid, Jacqueline ordered that we undergo training in different disciplines, because we would be deployed regularly on the surface of the earth in different missions. Our training was scientific and esoteric. Within the context of my scientific training I learned to drive a car, although I never owned a car during my life on earth. I remember when I lived in the submarine world, there was already the car René there, while this car was not yet on the earth; it was more developed and advanced than those circulating on the earth. Scientists travelling in the underwater world have tried to copy this technology. But in the underwater world this car is equipped with a computer that offers options. For example, when you press the "kitchen" button, the interior of the car turns into a kitchen; and when you press the "bathroom" button, the interior of the car turns into a bathroom.

Know that the greatest scientists in the world are satanists. They go to the world of pandemonium and work with demons that transfer to them the technology they are supposed to bring to the surface of the earth. The mysterious world of the devil has several metropolises. It is a computerised world. The rapid technological advances we have recorded on earth during this century are perpetrated by the world of satan. Scientists around the world travel to the world of pandemonium to acquire knowledge, because the technology on earth is less advanced than that of the macrocosmic world of satan. The training was related to scientific and esoteric knowledge. In terms of scientific knowledge, I learned to drive a car, a train, a boat, a bicycle, although before I died I did not know how to drive a car or a bicycle. I learned all this in the underwater kingdom.

I did many sport disciplines under the sea at the request of the mermaid. I learned music and the use of musical instruments. We were trained to walk with leaders. We were taught how to talk and walk with political leaders. And concerning the mystical knowledge, we learned different techniques to kill humans. This training was imperative because we had to carry out missions on earth as unseen and visible spirits. Therefore, we were to function as demons. The strategic goal of the kingdom of lucifer is the destruction of humanity and the Church. So we learned all the techniques of destruction. We learned the mystery of nature, we learned to operate like evil spirits. We learned to disappear and to become invisible.

We learned how to enter the bodies of men and dwell in them, to possess and influence them as evil spirits do. We also learned to capture the souls of humans to kill them. At the end of these different training courses,

we were to be deployed in missions of destruction. Most of our targets were Christians, because there is an invisible and perpetual war between the realm of satan and the realm of light. We had to cause destruction and even traffic accidents, because we had become like demons even though we were human spirits. Life there was not very different from life on the surface of the earth. In fact, every day I went to work, I had a wife and children.

7- I see my nephew in the submarine world

I remember one day, I was with my colleagues in that underwater world when suddenly I saw my nephew. He was captured by people who were taking him to where I did not know. When I saw them, I recognised my nephew and I blocked their way. I asked my nephew, *"Young brother, where are you going like this?"* He was confused and he said to me, *"Big brother Matthew, I do not know, these people came and abducted me, and I do not know where they are leading me."* I told him: *"Younger brother, you're not going to endure the realities of this world, you have to go back to earth. I know that my cousin sacrificed me to the devil but he cannot finish the whole family. It is unacceptable. You will return to earth willingly or by force."* Then the executioners who had captured the spirit of my younger brother began to argue with me, but as I was one of the bodyguards of the mermaid Jacqueline, I had authority.

So I ordered these people to return the spirit of my younger brother into his body. In fact, ***while I was tussling with those satanists who had captured the soul of my younger brother in the underwater world, he was in a coma on the surface of the earth***; since I was categorical, these satanists ended up returning my younger brother's spirit into his body on the surface of the earth. And when he came out of his coma, he started crying. And later, he told the family that he was captured and transported to a mysterious world by six individuals who were satanists. He informed the family that he met me in that mystical world and I fought to free him from the hand of satanists.

8- Articles from the submarine world

Beloved, know that about 90% of items we use on the surface of the earth come from the world of lucifer. Whenever lucifer wants to win souls or women, he will gather mermaids. ***These ladies of the sea have long hair running down to the foot. He will order that this hair be cut. Later, this hair will be subjected to certain treatments and processes, before being sent to the surface of the earth.*** They will be put in sachets and sent to the earth. It should be noted that this hair is well prepared to affect women and marriages. When you wear them, once you sweat on that hair, your sweat which is your blood will be transferred to the spiritual world. You will be controlled from your sweat because your sweat is your blood. Many women are controlled around the world because of artificial hair, and their marital lives are destabilised from the underwater world.

I remember when I came back to life, I warned women about the release of the artificial hair called "Cabello" while this hair was not yet circulating on the earth. Freshly coming from the water world, I knew that this hair was being prepared when I left the kingdom of lucifer. I had left mermaids who were working on that

hair, in order to carry it to the surface of the earth. I warned people that there was an artificial hair brand called "Cabello" on its way to the surface of the earth by mermaids. People thought I was joking. Later, this artificial hair was put into circulation. Beloved, ***you must invoke the blood of Jesus in order to avoid the manipulation of the underwater world that manufactures all that we use on the surface of the earth.*** You must learn to pray and declare words of authority when you make your purchases.

9- Roles of physical demons

You may wonder how submarine items are transported to the surface of the earth. The answer is simple. I told you that I was married to a lady of the sea. And we had 4 children. These children are hybrid demons that are not necessarily immortal. Most children from the union of earthly men and water beings begin their life in the underwater world. They grow up there but when they become adults, they are sent to live on the surface of the earth with specific missions. These missions have definite durations. Some are sent to earth for 50 or 60 years. They come with finances and they set up enterprises, businesses, companies and corporations. Then they employ workers who will be potential targets of human sacrifice. And as the mission of these physical demons on earth is to win souls for the world of darkness, they will begin to sacrifice those who work in their company.

No one will be able to suspect them because they do so mysteriously and tactically. Several multinational corporations are run by men who were born and raised in the underwater world. They come from the union of humans and mermaids. They are on the earth on mission. ***All items and products that are sold in these companies and businesses, be they food, clothing and cosmetics, come directly from the underwater world.*** There are also business leaders who are in agreement with the evil world; they receive articles and products from underwater world industries. As concerns the food we eat on earth, know that people often visit witch doctors to become rich; they must therefore offer human sacrifices to demons. These demons that live in the world of satan do not drink water; they drink human blood every day. When someone offers a human sacrifice to a demon through mystics and witch doctors, this demon will only drink the blood of the victim and after drinking the human blood, he will transfer the human body to the industries of the world of satan who cut these bodies and make them go through processes. Later, they are put in cans. These multiple cans are exported to the surface of the earth at night to corporations and companies run by hybrid demons.

10- War and invisible battles against Christians

Beloved, *"put on the full armour of God so that you can take your stand against the devil's schemes. For our struggle is not against flesh and blood, but against the rulers, against the authorities, against the powers of this dark world and against the spiritual forces of evil in the heavenly realms. Therefore put on the full armour of God, so that when the day of evil comes, you may be able to stand your ground, and after you have done everything, to stand."* Ephesians 6:11-13.

Once our training programmes were completed, it was time to be deployed on the face of the earth as part of the spiritual war against Christians and humanity.

Our first mission was to destroy a man of God who was previously a satanist. He was delivered from the darkness by Jesus Christ, and was blessed financially by His Master. This man went from one church to another to denounce and expose the works of the devil and the kingdom of lucifer. So we were mandated to kill him. ***But before any operation on earth against Christians, the mermaid would project direct images of the target to attack. These pictures showed the person we were supposed to fight, and where they were and what they were doing.*** One had the impression that all men living on earth are filmed by the world of satan. Then the mermaid pointed at the wall and as a result a giant screen appeared, and live images of this pastor were projected into this giant screen.

We began our mission against this pastor by looking for an open door, but this man had closed all the doors in his life. We looked for something in his life that belonged to the devil like sin, but he feared God. The Bible says, *"I will not speak with you much longer, for the prince of this world is coming. He has no hold on me."* John 14:30. Beloved, do not keep the properties of the devil when you go to war against him. The life of sin that many live in is a property of the devil. Finally, we decided to strike this man although we did not find an open door. So we travelled in spirit and we landed in his house. We could see this man. He was asleep with his wife on their bed. So, we went to his room where he was sleeping with his wife. They were there just a few meters in front of us. We were about to execute him.

We began making prayers of incantations in order to capture the spirit of this pastor and transport him to the world of pandemonium. In fact, every time we captured a soul on earth, we carried it into the world of satan, and there was a big party. And after the party we were supposed to be rewarded and given presents. So, we were in that pastor's room doing invocation prayers to capture his soul when suddenly something happened. A man dressed in bright, brilliant white, appeared. He was slender, he was a being of light. He gave me the impression that he did not take into account our presence and he was silent. He went to the bed where the pastor and his wife were sleeping, and he covered the preacher and his wife with a sheet that came out of his fingers. And as a result, they became invisible, including their bed and mattress. Then, the being of light disappeared.

We were amazed and confused. We did not understand what had just happened; all the stuff in the room were there, but the bed including the pastor and his wife who were sleeping there had disappeared. Then, we began to pray invocation prayers to lucifer and to the mermaid Jacqueline. She gave us encouragements and assurances. She told us to fear nothing and to continue to call upon lucifer, then she assured us that there is no power in the universe that can harm us. But at some point something in me told me to get out of the room and wait outside. My colleagues were still in the room of this man of God. They were invoking lucifer when suddenly the being of light reappeared. He was suspended in space. When this being of light, who was the guardian angel of the man of God, pointed his hand at my colleagues, I heard the sound of a very loud detonation like the explosion of a bomb. In fact, the angel of the Lord had struck down my colleagues who were in the room.

When I heard this explosion, I noticed that two of my colleagues had died on the spot. Another colleague was burned severely but he survived, the third got a shock because his leg was cut off. I was the only one who did not receive any shock and injury. This was our first mission. When we returned to the pandemonium, I said to the mermaid Jacqueline: *"I do not want to go on a mission on earth because it's dangerous; I'd like to take care of my wife and children."* But she gave me encouragement and advice. And later, my wife who was also a lady of the waters advised me to continue the battle and the war against Christians, because there were many rewards attached to its success.

Beloved, man is spirit. He has a soul and lives in a body. When we sleep, it is only our body that sleeps, but our mind never sleeps. What our mind sees during the night, we perceive it as dreams. The night is a time when demonic activities are intense, but the Lord keeps us. There is always an angel of the Lord at our bedside to protect us. The Bible says, *"Watch and pray at all times, that you may be able to escape all these things."* Later, Jacqueline sent me to earth with the mission of drowning a ship in the river. There were many people in this boat. Since I was equipped with a demonic force, I seized this ship and I pulled it by my hand with speed. The captain lost control of the boat, and I drowned the boat. It sank causing many deaths.

Our second mission was to destroy a Christian lady. After several attempts, we finally decided to move her heart away from the presence of God. The tactic to get there was to influence her son's behaviour to the point where she would be offended and lose faith in God. I told you that during our training in esoteric knowledge, ***we were taught to enter a person's body in order to live there to influence them.*** So one of my colleagues decided to enter the body of this lady's son to manipulate him and control his behaviour. My colleague entered the body of the child through the fingers and settled inside his body, and he began to influence the behaviour of this child. The latter began to steal, fight and cause all kinds of trouble to his mother.

At first, her mother did not want to accept the negative report she received about her son, but later her son's behaviour became apparent and she was overwhelmed by her son's delinquency. The problem is that the lady did not exercise good judgment; because her son was docile and there was a sudden change in his attitude, but the young lady did not understand that the change in behaviour of her son was due to the influence of an evil spirit. In short, the lady had to discern the change in her son's behaviour and take authority over the forces that were influencing her son. The Bible says, *"I have given you authority to trample on snakes and scorpions and to overcome all the power of the enemy ..."* Luke 10:19.

But the lady proceeded by the flesh, she was offended. She began to mistreat her son and as her son did not change, this lady moved away from God. It was then that we were able to capture her soul and were able to deport her spirit into the invisible world. Of course, she continued her life on earth, but spiritually she was already dead. We decided what kind of death she should die. And later she died. ***Many are already dead, only the body moves. It is only prayer that can reverse their death.*** After the death of this woman, we were rewarded with gifts and cars, and many other things.

One day the mermaid Jacqueline gave us a box containing blood contaminated with AIDS. She gave us syringes. We were supposed to go to earth in public places to inject people with this contaminated blood. Once someone is injected with this blood they will feel like they have been bitten by a mosquito, but that is not the case. Many are diseases with mystical origins. Only prayer in the name of Jesus Christ can make a difference.

After that, we were again deployed on the earth on a mission. I was sent to a church on a mission of destruction. Since I had to perform this mission physically, I physically went to earth and joined the church in question. I had adopted the identity of a businessman. The mermaid had given me a lot of money for this mission, ***because money is one of the weak points of modern men of God. With money, it was easy to buy the conscience of men of God.*** As I became a church sponsor, the pastor eventually made me one of the deacons, and people died in this church because of me. Agents of lucifer constantly offer human sacrifices to the devil, and these souls eventually become servants of the devil in his kingdom. Some work like demons; they will be sent to attack the churches and humans on the surface of the earth.

Indeed, every time we managed to cause the destruction of Christians, there were many rewards for us, a lot of money and gifts were given to us. But in many cases we were confronted with death by meeting Christians. Personally, I had never signed a contract or a pact with the devil's kingdom. I was just a victim of human sacrifice who was enlisted in the army of satan like any other victims of witchcraft. But when I began to confront Christians with their spiritual powers, I knew that I was exposed to danger. There was an operation on the earth that a group of human spirits could not successfully execute. We were solicited. We had to take over.

I remember, we were sent to destroy a family of born again Christians. When we landed at night in this family's yard, we noticed that the whole family was asleep. While we were figuring out how to destroy this family, something unpredictable happened. In a fraction of a second, the parcel of this family turned into a massive river that flowed with great pressure, and this river was flowing into a waterfall. Beloved, the residence of this family had become a river flowing into a waterfall. In this situation, if you do not know how to swim you will die, and since we were a group of several people, some died because of the pressure and the fall of this river.

I give thanks to God because I was a fisherman and I knew how to swim. That's the kind of thing that happened to us when we were deployed against Christians. When we returned to the underwater world, Jacqueline developed a new strategy. She told us: *"Instead of attacking the whole family, we will attack the members of this family individually."* So we selected the first target. The mermaid Jacqueline informed us that the new tactic is called sudden death. We had to hit the target on the head with a stick. The mermaid made a sign with her hand, and a giant screen appeared. And on that screen we saw the target on the earth walking down the street. So we travelled to earth precisely in the street where our target was walking. We started pursuing him. He could not see us because we were invisible. But a man of light appeared behind him. He was

blocking us. He stood between us and our target. And when we stopped, this being of light disappeared; but each time we approached our target, this being of burning light reappeared to block us; each time we stopped he disappeared.

But at one point we noticed that the being of light that was the guardian angel of this man no longer appeared. So, we decided to finish with him. We were supposed to take the command and execute this man, but there was fear in our midst, although our target seemed to be unprotected because the man of light no longer appeared. Beloved, for me, the manifestation of this fiery entity of light was a signal that something was going to happen. So I was careful. I felt in my spirit that something violent was going to happen. So, I retreated. My friends were in front of me. A colleague then took the responsibility to execute our target. First, we prayed for him. When this colleague approached the target, he raised his arm and was about to hit the target with the mystic staff when suddenly we saw a double-edged saw coming down from the sky, and this double-edged saw cut off my colleague's hand. It was the rout! Everyone was running in his direction.

The Bible says, *"The Lord will grant that the enemies who rise up against you will be defeated before you. They will come at you from one direction but flee from you in seven."* Deuteronomy 28:7. Jacqueline was watching this operation and our defeat from the underwater kingdom on a giant screen. And when we went back into the water world to give her the report, I was extremely angry and started insulting her. I told her, *"Are you sending us in these operations to kill us?"* My colleagues began to beg me and cry, asking me to stop what I was doing. They said to me, *"If you continue she will end up killing us all."* But I continued to insult her because I knew I was going to die. Her staff came to see what was happening. Then Jacqueline rose from her chair and got angry, she was shaking with anger. When she got angry, ***I saw all her hair, long to the point of touching the ground, transformed into snakes***, and her eyes rolled. All her hair had become snakes. I knew I was not going to survive this incident.

Demons are similar to human beings. It is only when they are angry and when they want to operate and execute operations that they take monstrous forms. After this incident with Jacqueline, I could not work for her anymore. She had to take a decision about me. ***Beloved, anyone who makes an alliance or a pact with the devil, even if he conformed to the requirements, in the end the devil will kill him before the time marked by God in order to enlist him in satan's army and to put him at work as a demon.***

I remember there was a woman who was a witch. She was divorced from her husband because of her witchcraft. So she decided to destroy her former husband. But the first group of human spirits that had to execute this operation failed to kill this man because he was a disciple of Jesus; he was invisible to the systems and instruments of the dark world. But when we came for an inspection, we could see this man in our surveillance instruments. ***It must be said that this man was a backslid Christian; he had one foot inside and one foot outside.*** To kill this man, one of my colleagues had decided to enter his body because we were able to do that.

To enter the body of a human, we had to make sure that our targets were in a state of emotional and mental instability, such as fear or panic.

When my colleague entered this man, he began to influence the actions and conduct of this man. In fact, once a man is controlled, manipulated and influenced by a demon, he behaves irrationally, but he will not realise it because his intelligence is manipulated. This man ended up committing suicide after arguing with his new wife. It was when he was about to die that my fellow demon came out of his body. It was at this moment that this man realised what he did, but it was too late. When an evil spirit influences someone, he only realises it when the damage is done.

11- A fisherman finds himself in the submarine world

Wherever the mermaid Jacqueline passed in the underwater world, activities stopped because she is a member of satan's world government. So, one day we passed in a neighbourhood of the underwater kingdom, and we found that there was a lot of noise. People did not know that Jacqueline was in the neighbourhood. When she arrived there she was informed that a fisherman had landed illegally in the submarine kingdom. In fact, this fisherman was diving, and was trying to pull out his net when he landed in this mysterious world. He could not understand where he was. He was naked and confused. People were harassing him. They said to him, *"We cannot be quiet because of net fishing?"*

When Jacqueline arrived, she saw this man. She saw this fisherman who trembled with fear and with wonder. She said to him, *"Sir, I do not want to kill you, but you will not talk about our world over there to the surface."* But when this man was about to be brought to the surface of the earth, the mermaid called him and said, *"I feel you're not going to shut up."* Then she blew air on this fisherman, and he lost his speech and became dumb. Then he was brought to the surface. ***Let me tell you that the way people see planes flying in space is the same way that people in the underwater world see boats sailing over water.*** Most humans living in the underwater kingdom were satanists. The devil killed them before their time. So they died and they continued their life in the underwater kingdom. These human spirits are enlisted in the army of lucifer and function as demons until they reach the total number of years that God had assigned to them.

12- The mermaid Jacqueline

This mermaid is one of lucifer's wives. She often says that she is the wife of everyone because she is immoral. In fact, many satanists are married to her, but they must observe strict laws that characterise the marriage of men with mermaids. She takes the form she wants to manifest herself. She often comes to the surface of the earth physically but no one can suspect or identify her. She makes cosmetics and makeup for women in order to bewitch them through these items. The mermaid Jacqueline is also called "Thousand years". She is the mermaid of the toilet because she is the mermaid who lives in the toilets of every house on earth. When a sorcerer comes to visit you for the first time, the first thing they will do is to go to the toilet to invoke this mermaid who has information about every home and family on the earth. The sorcerer will invoke her to get information about you.

13- Human sacrifice

I want to specify that there are two types of human sacrifice. In the first kind of human sacrifice, the demon drinks the blood of the victim and the body is sent to the industries of the Pandemonium kingdom for transformation. In the second type of human sacrifice, the victim becomes a slave in the spiritual world and is called "cattle". I was a cattle in the spiritual world, I was a slave; a private property belonging to a servant of satan. I belonged to people who could sell me to whoever they wanted. There are demonic spirits and agents of satan who are buyers and sellers of souls that are victims of human sacrifice. They sell human souls that are regarded as cattle; and when these slaves, these cattle die, their bodies are shipped to the food industries of the Pandemonium world to undergo transformations.

Once these bodies are transformed, they are put into cans and sent to the surface of the earth. Today, even Christians do not pray before eating, although the Bible says: *"And pray in the Spirit on all occasions with all kinds of prayers and requests. With this in mind, be alert and always keep on praying for all the saints."* Ephesians 6:18. We must not forget that most of the food we eat today comes from the kingdom of lucifer. Satan's world is full of slaves, cattle or human spirits functioning like demons. They cause accidents, diseases and destruction on the surface of the earth. The Bible says that where there is no revelation, the people cast off restraint. I recently saw a pastor introduce a secular musician into his church, saying that the musician is a servant of God. I had a hard time looking at this because this musician is a member of satan's world government. He is one of the two representatives of the devil in our country. This celebrity has the power to sacrifice any man of any tribe or nationality.

Every time this musician launches albums in the market, people die in large numbers around the world. They die gradually, in a different way and in geographically separated places; some by disease, others by accidents, under different circumstances. Whenever you hear about an accident in their concerts, it is a human sacrifice. And during this accident we were sent and we were deployed by the world of water to suffocate and asphyxiate the victims. Remember what happened in Ivory Coast during their concert. Let me tell you that most of the musicians are satanists, including Christian musicians. The devil has entered Christian music. There are people who sing the name of Jesus but they have signed pacts with the devil and their music bewitches Christians who listen to them, hence the need to discern those who are animated by the Holy Spirit and those of the devil.

14- The case of a young orphan boy

I remember one day the mermaid had deployed us on the earth to capture a young boy. He was an orphan. When his parents were alive they had signed a covenant with the world of darkness to gain success and wealth. But according to the terms and conditions of this covenant, their offspring were supposed to die when they reach a certain age. Over the years, they grew rich with the goods of this world, but their children died in turn in the predetermined age due to the pact they had signed with the world of Pandemonium. And when they became mature and grew older, they noticed that they got rich but they had lost all the

children. So they were childless. They felt that this situation was tragic and that they risked dying without having an heir who will enjoy and benefit from their wealth after their death.

So they deliberately decided to have a child they will not sacrifice. They were ready to go against the terms and conditions of the contract they signed with the underwater world. They agreed not to sacrifice their son as stipulated in the pact signed with satan's world. Later, this couple gave birth to a baby boy. And when the boy grew up and reached the age of death predetermined in the satanic pact, he was supposed to die but his parents refused to obey the request of the world of lucifer. In fact, there were procedures and rituals that this couple had to perform, in order to deliver the souls of their children to the devil.

They were therefore supposed to perform the ritual by which the child was to fall ill and then die without suspicion. But this couple informed the kingdom of Pandemonium and the evil spirits that they would not sacrifice their son. Satan's infernal world warned them that they would die unless they sacrificed the child as signed in the agreement. And despite the warning of the evil spirits, this couple chose to die instead of their son, because they felt they were old and therefore they accepted the consequences that will follow. In this way their son can at least benefit and enjoy their wealth.

Not long after violating the contract signed with the world of satan the mother of this boy died. Sometime after her burial, this young man's father was pronounced dead. All this so that their son can enjoy their property. But just after their death, the extended family took and forcibly confiscated all the wealth that this couple left to this boy, accusing him of being the wizard responsible for the death of his parents. They could not understand that this boy's parents died to allow him to enjoy and benefit from their belongings. Sometime after confiscating these cursed belongings, the family threw the boy into the street after taking everything his parents left to him. This boy eventually became homeless.

But after this family had taken control of all these goods something happened. It should be noted that when this boy's father and mother died prematurely, they were taken to the kingdom of satan as slaves to perform hard labour until they reached the number of years that God had assigned to them. It's only after that that they may find themselves in Hades. So they continued life in the underwater world as slaves doing forced labour. And from the astral world, they saw how the extended family took control of their property and threw in the street their only child who was supposed to inherit all their property. In fact, after their death, this man and his wife became slaves and serving spirits in the service of satan's kingdom. As human spirits, when they saw their son stripped and thrown into the street, they began to strike the extended family members who grabbed their belongings by force. As a result, there were deaths in the family.

Most people who enter into alliance and sign pacts with the devil die prematurely. The devil kills them so that their souls are enlisted in his army. They will work for the infernal world and will function as missionary demons on earth and in the astral world until they reach the number of years that God has given them.

When this boy was thrown into the street and became homeless, thank God a local church noticed his situation and came to his aid. Men of God took responsibility for this boy. They gave him a place to sleep and they sent him to school. Meanwhile his parents were doing forced labour in the underwater world where they were slaves. One day, this couple who became enslaved in the world of satan was summoned by the legal authorities of the kingdom of darkness, in the world of Pandemonium. When they arrived before the authorities, they told them this: *"It is true that we interrupted your life on earth because you did not keep to the terms and conditions of the contract we signed together. You broke the contract, so your life on earth was interrupted. But in truth we did not need you here; it is your children that interested us because they are ours by law and by agreements. According to the agreement you signed your children belong to us, and since you had signed the contract to give us all your children, we inform you that we are obliged to take your son who is on earth."*

Beloved, this couple tried to plead with the judges of the submarine kingdom. They tried to form a legal defence and plead for their son, arguing that they agreed to die in place of their son; but the judicial authorities of the underwater kingdom were categorical because the pact signed by this couple was still in force, it was not cancelled and so their son had to die on the earth and join them in the world of waters. He was going to die and become a serving spirit in the underwater realm. The kingdom of satan had therefore deployed human spirits to kill this boy, but they failed because this boy was in the hands of men of God. After this failure, we had to take over the mission. Mermaid Jacqueline gathered us and projected live images of this young boy on a screen.

We took time to study and investigate his life to get information about him. In fact, we were looking at live pictures of this boy's life on the earth on a giant screen, in order to see how we could proceed with success. We knew he was an orphan because his parents were here in the underwater world. According to the direct images projected on the giant screen of Jacqueline, you could see that he lived in a church, but he seemed to be miserable because he often thought of his parents. Finally, we travelled on earth to meet him. We landed physically on the surface of the earth, precisely in his neighbourhood. In fact we landed with three new jeeps, because we had taken on the appearance of businessmen. After landing in this area, we headed for the boy who was about 200 meters. When we saw him, we greeted him and asked him about his father and mother. He started crying before answering us, then he said, *"The people you are looking for are my parents, but they are already dead."* We told him, *"We are your father's friends, we are from Europe, we came to see him because he helped us to travel to Europe."*

After a friendly conversation with this boy, we gave him a lot of money and told him not to live in the church anymore, but to rent a place. Instead of talking about all this with the pastors who took care of him, he ran into the city to rent a place. ***To kill this boy, our tactic was to distance him from the men of God and the church***, so as not to fail as the first team of human spirits. I would like to point out that while we were talking to this boy, ***we had to place invisible barriers around a given area, so that people would not pass within that area. Once a man reaches these barriers, he will tend to***

change direction as this place was like isolated. This was necessary so that we could perform our operation without disturbance and interruption of the public.

After giving this money to this young man, we went back to the underwater world. The boy began to live a life of opulence, far from the church and from men of God, because we had given him large sums of money. It was necessary to start by keeping him away from the church and men of God. You can ask me where these jeeps and the large sum of money came from. In fact, I was not even well dressed, I was in black pair of shorts as usual, but I disguised myself. **The jeep cars we parked were just used empty tins of sardines that we took in a trash bins.** We ordered them to turn into cars. These tins of sardines were perceived as cars by natural men but in reality it was something else.

Here we are dealing with the **manipulation** of the five senses, it is nothing but illusion. The optical eyes of the natural man perceived these tins of sardines like cars thanks to optical manipulation. **Many cars in the street are coffins and skeletons,** but they are seen by human eyes as cars. In fact, in the spirit world we operate with words and declarations. We command things to come into existence by the spoken word. On the day of this operation, I ordered that I be dressed in precise set of clothing. I ordered the tins of sardines to turn into a car. **If only the Lord could open the spiritual eyes of His children, they would have seen me in black pants and bare-chested, and instead of seeing the jeeps they would have seen tins of sardines that were already used.**

The physical world is a world of illusions because the optical eyes of humans do not capture the totality of the realities of things. I told you that I had learned computer science in the underwater world. Let me inform you that the greatest scientist in the underwater world is lucifer, he is at the root of new technologies. Every moment this archangel thinks about how to entertain and distract humanity with new media technologies that he invents like the computer, the telephone. Lucifer created the René limousine car by the word. He started by imagining and thinking about this car, then he spoke while giving details and precisions, and the car appeared. Even the homes in the underwater world are built by the spoken word.

Scientists came from all over the world to copy the technology of lucifer and bring it to the surface of the earth. They take time to study the new technologies of the astral world. In the underwater world, the devil needs strong men. But when the human spirits that are in his kingdom are about to die, he gathers them together and demons would make invocations to transform them into cars and motorcycles. **And these motorcycles and cars are exported to the earth. If you buy this bike or this kind of car, know that when this man dies you risk an accident, because the bike or the car is a human being.** If the Lord could open your eyes to see the reality of the cars you envy in the street, you would be shocked. The Bible says, *"Do not love the world or anything in the world. If anyone loves the world, the love of the Father is not in him."* 1John 2:15.

So one day we were in the underwater world playing checkers, we remembered the young boy to whom we gave money and we decided to end his life. When

we travelled and landed on earth, he was drinking and having fun with his girlfriends. After that, he began to drive. In fact, this time we landed on earth as invisible spirits, so they could not see us. It was while he was driving the car bought with our money that we grabbed the car in question and started pulling him. He then lost control of the car. He tried in vain to stop the car. He and his girlfriends were trying to get out of the car but they could not because we had blocked the doors and the windows. Finally, we hit the car on a wall and he died.

During his funeral, people said he might have resorted to magic because he had become very rich. When he was buried we travelled to the cemetery at night and brought him out of his coffin through mystical prayers. He was surprised to see the three people who had given him money and claimed to be his father's friends. Later we took diabolical forms in front of this young man. We transformed into monstrous creatures with long nails and sharp teeth in front of him. He could not understand what was happening before him. We took hold of this young boy and took him to the astral world under the water. The young boy saw his parents doing forced labour because they were slaves there.

All this appeared as a movie to him and he was overwhelmed. This boy was enlisted in the army of satan and he became a serving spirit who had to undergo scientific and esoteric training programmes so as to be deployed on earth as a demon. He will therefore work for satan until he reaches the allocated years that God has set for him. Once we succeeded in this operation, there was a party and gifts for us from the mermaid Jacqueline. The Bible says, *"there will be more rejoicing in Heaven over one sinner who repents than over ninety-nine righteous persons who do not need to repent."* Luke 15:7. Let me tell you that there is always a party in the Pandemonium for a Christian who is destroyed more than for a thousand non-believers' death.

Generally we are born into families who are in alliances through the application of customs and traditions, and unless these ancestral and parental covenants are broken, we will be victims. We do not know the state of mind of our ancestors. Most of our problems come from our ancestors who were in idolatry, in traditional ceremonies and practices. Let us understand well: if your parents have ever visited charlatans, witch doctors, marabouts, or meddled with fetishes, you need deliverance because these people are servants of satan. They bring us into direct and indirect alliances with the world of satan. If you have ever visited a church with an occultist pastor and he has laid hands on you, you need deliverance.

15- Letter from a person already dead

One day, I was with my colleagues from the underwater world. One of my colleagues started talking about his family that he left on earth. He said that he left a wife and children on earth when he died. But he had found out that his wife and children were suffering. He thus felt compelled to do something for them so as to soothe and relieve their suffering. Beloved, here we are dealing with people who are officially dead and buried, but they have the ability to operate spiritually and physically on the surface of the earth. Because his wife and children were suffering on the earth, my colleague wrote a letter to his wife and put money in the envelope. He then went to the surface of the earth and placed the envelope at the door of the house where his wife and children lived.

When his wife woke that morning, she found the envelope at the door. She opened it and she saw a pack of American dollars and a letter. She opened the letter and noticed the writing of her late husband, and she was surprised. Then she began to read her husband's letter saying, *"Honey, I'm your husband. I know you and the children are suffering; this is why I sent you this money so you can take care of my children; do not be afraid because I'm not dead, I'm fine where I am. Take the money and take care of the children."* This woman was afraid; she took the envelope and went to her pastor. She explained that her husband had already died years ago but he sent her the letter and the money, but she is afraid to use it. The pastor told this woman that this money was dangerous; but he kept this mystical money and used it for his needs. In fact, he shared this money with other pastors and they used it for their needs.

We observed all this from the underwater realm; my colleague was not happy to see these greedy pastors enjoying his money. When he saw that his wife and children did not benefit from his money, he attacked these pastors by traffic accident and they all died in a car accident. I participated in this operation. Later, my friend travelled again to the surface of the earth with an envelope, which he placed in front of the door of his family's house. He wrote his wife another letter saying: ***"Darling, if you do not want to use my money, let my children enjoy it. Let me inform you that I am the one who killed those pastors who died in a traffic accident, because they spent my money for their needs."***

For the second time, this woman took this envelope containing silver notes to another pastor. When this pastor read the letter, especially the part where it talked about the pastors' death by accident, he was scared. He did not want to keep or even touch that money. The lady returned home with the money which she used to take care of the children; nothing bad happened to them. So it became a habit for my colleague to drop an envelope and money for his wife and children each week. The implication was that this woman could not get married, because her husband who was dead was taking care of her. Those who tried to unite with this woman in marriage were dying.

16- The mermaid Jacqueline decides to get rid of me

The various missions that Jacqueline entrusted to us became more and more dangerous and whenever we met Christians we were in danger, whereas Jacqueline had assured us that no force in the Universe could challenge us. As I felt in danger, I began to disrespect the mermaid. Therefore, she decided to get rid of me. The fact that she had decided not to kill me was a miracle. Later, she ordered her staff to find a solution to my fate. Her staff then contacted my cousin the occultist and said, *"Sir, the princess is asking you to get another person to replace your brother who is causing problems here."* My cousin told them, *"The best thing you can do is to execute him. If he dies, I take the responsibility to provide you with another person."* But, the mermaid's staff told him that the princess' order is not to kill me, but to replace me with another person.

My cousin wanted me to be executed because ***all the family members he offered as human sacrifice, I returned their souls in their bodies on the earth.*** He could no longer sacrifice our family members. So there was a debate

between the staff of the mermaid and my cousin. The mermaid's staff suggested that they should drive me crazy and throw me into a neighbourhood on earth where I am not known. But my cousin was opposed to this idea, saying that family and friends can recognise me and it will be detrimental to him. So there was no agreement on what to do. As this meeting continued, a businessman who lives on earth came to see the mermaid Jacqueline. This man is an entrepreneur. He buys victims of human sacrifice. He buys souls in the slave market of the astral world. And since he has many plantations in our country, he places those slave souls he buys from the invisible world in these plantations on earth, so that they work for him as slaves and farmers in his plantations.

This man is well known in our country; we see him on TV all the time, and if I call his name people will recognise him. He has big companies in the field of agriculture. He has a cornfield, a field of cassava, potatoes, rice, soybeans, beans, but the people who work in these plantations are officially dead. These people are souls he bought in different slave markets in the astral world. This businessman supplies several supermarkets with agricultural products such as maize, rice and beans. In fact, this man came to see the mermaid because he wanted to buy human souls to put them in his plantation. And that day that man bought thirty-seven slaves, that is, people who were victims of witchcraft. It was at that moment, when he was about to return to earth with the slaves he had bought that the mermaid asked him to take me with him. This man took me as a bonus, and he took me to earth in his vast plantation.

17- Slaves and revenants in the plantation

When we arrived in this plantation, we were shocked by the size of the people who worked there. They were very short, I mean less than a meter. While we were in astonishment, one of the slaves said to us, *"Are you surprised at our sizes? Wait, you will become like us in a very short time."* Later, we started working by cutting the bush and started planting maize seeds, rice and other agricultural products. I must say that our supervisors were not ghosts like us. They were men living on earth but practicing occultism. They came to work and they returned to their families in the natural world. By the way, not long ago I had just met one of them in a residential area where he has a lot of business setups. When he saw me he recognised me, and he hurried to avoid me.

So we started working in this plantation. It was when we were supposed to load and unload the bags of these agricultural products that I realise that we were going to be short like other slaves. Indeed, we were supposed to carry eight to ten bags of maize, rice and other products, per person; and with time, it had an effect on our size. We worked with a demonic force. Beloved, in this world we live in there are people who are dead and buried, but as they died by witchcraft, they became slaves in the astral world. They have become the properties of their executioners who can sell them in the flourishing slavery industry that is in full swing in the astral world of wizards. Many men and women who are officially dead are sold and bought as slaves, and are transported to plantations. There are plantations around the world whose workers are ghosts, because in the world of witchcraft slavery is a flourishing industry. There are markets and places of sale of slaves spread out over the world.

When we had to start working in this plantation we noticed that the slaves worked with a supernatural force, a demonic force, for a slave could carry seven to eight bags of rice or beans. This was made possible by the invocations of the occultists who managed these plantations. They made invocations in order to increase the physical strength of the slaves. These slaves could carry several bags of agricultural produce thousands of kilometres through the forest, until they reach the villages where the vehicles that were supposed to transport those products to delivery points were. When I started working, I was surprised to find that the bag of cassava and rice that were heavy when I was alive, had become light. I could carry six to eight bags of soya beans or potatoes.

I would like to point out that not only did all slaves working in these fields work with supernatural demonic force, but they moved at a very high speed of spirits, they moved like spirits. We could go ten thousand kilometres in a few minutes and come back. We could cover a distance of several kilometres, from the plantation forest to the village where we were supposed to load trucks and come back in two minutes. I was supposed to carry a specific number of bags of agricultural produce in a specified time. And since I had the demonic strength and the speed of spirits, I travelled thousands of miles and I went back and forth with these bags in short durations.

These plantations were deep inside the forest and when we reached the villages where we had to load, ***we were seen by the villagers as normal carriers. They could not suspect that we were ghosts*** working as slaves in plantation fields inside the forest. It was after the first harvest and the loading of the trucks that we became short like the slaves we had found in these plantations. While working in these plantations we often saw hunters but they could not see us. There were other farmers who also came to the forest to cultivate, and as they did not see our plantation, they destroyed our products without knowing it. They could not see our plantations that they were trampling on and sometimes they were causing damage. ***Forests hide many mysteries and there are spirits that are active in the forests.***

At times traditional chiefs of surrounding villages forbade hunters and farmers from entering our area in the forest, warning them of the activities of the spirits. They could not tell them the whole truth. They were aware of the mystic plantations in the forest, and the slaves and ghosts who worked there, but they could not tell the villagers. Hunters and others were forbidden to linger in the forest. There was a hunter working in the forest to catch animals. He did not see us; we could see how he set up traps and helped him by pushing animals into his traps. Later he wanted to settle in the forest for a while, but he started cutting the trees without knowing that he was cutting and destroying our agricultural products. This caused anger among the slaves' farmers. They resolved to kill him. A slave entered his body and pushed him to death. The slaves who worked in this field killed the people who came to disturb them. That's how a dad who came for palm oil died by accident caused by a slave who cut the rope by which he climbed the palm tree. The forest is a place where demons are active.

18- My father's funeral

When I was in the underwater world working for mermaid Jacqueline, my cousin had sacrificed a number of people who were members of our family, but I was returning their souls into their bodies. He could no longer sacrifice members of the family because I was fighting and defending the family. But when I was taken to this plantation, I could no longer fight for the family in the invisible world. In the underwater world of Madame Jacqueline I was privileged, but in this plantation I was only a slave. As a result, my cousin took advantage of this opportunity and began to sacrifice members of my family. In one year he had killed six people in the family, including my father.

When my father died, I was authorised by the plantation manager who owned the slaves to attend my father's funeral. I physically went to my father's funeral assuming a false identity. They could not recognise me because I pretended to be a friend of my father. I attended his funeral with some colleagues and slaves who were working in the plantation with me. We went there physically assuming the appearance of unknown people. We pretended to be my father's friends and we spent a lot of money on his funeral. Nobody could recognise me, and later when I returned to life miraculously, I told the family in detail how the funeral had gone. They were astonished and overwhelmed because I informed them that I was present at the funeral by giving them all the details of the funeral.

19- My return to normal life on earth

After a while life continued in this plantation, but at times we noticed that our leaders lived a normal life on earth, I mean they were not dead like us but alive, because they came to work and returned to the world. But to return to the world they had to eat a certain type of food. In the canteen the food was prepared for two groups of people. The group of slaves and the group of normal men who came to work and returned to the natural world. These people were occultists who entered our astral dimension and returned to the earth. But to return home, these men who were our leaders only had to eat their type of food. One day I decided by curiosity to eat the food of our bosses who were all occultists. They forbade us to eat their food. They warned us that we would die if we ate their food. In fact in their food they put salt that allowed them to leave this astral dimension. When I decided to eat this food, my colleagues objected saying that I was going to die. I told them, *"It is better to die than to live as a slave in these sufferings."*

After this debate, they lined up with me and as soon as we ate what our bosses ate, something happened. From the moment the food entered my stomach, I felt like I was under water and I was suddenly ejected from the water by force. I felt as if I had blocked ears that had just become unblocked, and I had the impression that scales had fallen from my eyes. I saw the sun and the light of day after three years in horror and twilight. In fact, as a slave we were in a situation where we did not see the sun or the light of day. Everything was dark, as if our perception of reality was altered, demoted and veiled. We started to hear the cry of the birds, the air and the wind blew on us. We realised that we were in a big forest, each of us began to realise what he had become since our consciousness had returned to us. When I looked at myself, I realised how small-

sized I was and I was scared. When I looked at my colleagues, their size and appearance scared me. And when my colleagues looked at each other, they were filled with terror. As a result, everyone started fleeing in his direction.

We had a lot of hair and beards. Imagine someone who does not shave their hair and beards for three successive years. And I noticed that my skin was filled with a lot of layers of dirt because I had not washed it for three years, since I was dead. So it was when we ate food containing salt that we disappeared from the astral dimension and we landed in this forest on the earth. I started walking up and down in this forest which was the equatorial forest. After walking for three days without seeing anyone and without eating, I was tired, I rested near a tree. I could hear the sounds of monkeys. Then at some point I heard people talking far away. These people were hunters. As my head was bowed with a lot of hair that I had not been able to shave, they took me for an animal. They were about to shoot at me when I raised my head, and when I got up they got scared and started running away screaming: "demons!" And they used the name of Jesus Christ against me.

While they were fleeing, I pursued them because I knew they were the only ones who could get me out of this forest; I did not know the way. They said to me, *"You are a demon, a man cannot be like that."* I said to them, *"My brothers, I was lost in the forest for three years, this is why I am like that."* I had said to myself, if I told them the truth that I was dead and buried three years ago, they would abandon me in this vast forest. After talking to me from a distance, one of these hunters was convinced and persuaded that I was an ordinary man, but the other was filled with terror and shouted with panic saying, *"You are a demon, a normal man cannot be that size and be like you."* Finally they agreed to take me home and I washed.

Then it was necessary to remove the mystical pair of shorts that was on me for three years. Beloved, scissors and knives could not cut this pair of shorts. After two days of effort to remove the pair of shorts, we had to give up. But it was when I prayed in my heart, *"Lord, help me to take off these pair of shorts"*, that I felt the pants move. I called the hunter and after several hours of effort, the pants were removed from my body. We put it on fire. But after hours in the fire, those pants were still not burned. Later, the pair of shorts that was my identity in the invisible world eventually disappeared on its own. It was imperative to remove this pair of shorts because the astral world could make some invocations, and by mentioning the number of the pants they would have returned me in the invisible world. This is exactly what happened to three other colleagues who had landed in the equatorial forest with me. As they could not get rid of the mystical pants, they were transported to the astral world by their executioners' invocation.

Later, these hunters showed me the way to the city. After walking for three days, I saw a Vodacom antenna. I followed it and later I found myself in the main road. My impression was that I saw people but it's as if they did not see me. Then I saw a man who was tall. I was about to explain my problem to him when he said to me: *"Do not worry, I know everything about you. Take this direction that will lead you to a group of soldiers. You will explain your situation to them and they will take you to the office of the local authorities, who in turn will call*

pastors for you." Beloved, things went exactly as this man had predicted. I'm sure this man was an angel or the Lord Himself. The commander of those soldiers I met along the way was my uncle.

He was informed that a certain Matthew Badjoko was outside. He claims he was dead and that he has come back to life. When my uncle heard this, he replied with a solemn voice and said, *"This name of Matthew Badjoko is that of my nephew who died 3 years ago."* My uncle ordered that the person claiming to be Matthew Badjoko be taken to his office. So I was taken inside my uncle's office, and when he saw me, he was under emotion and he collapsed into a coma. Later, he was taken to the hospital. So the soldiers transferred me to the local authorities. They launched an investigation to determine who I was. After a while, they discovered that my family lived in the Eastern Province which is the neighbouring province. The authorities contacted my family by phone and they confirmed that they had a son named Matthew Badjoko who died 3 years ago.

20- The file of the Revenant

Later, the news reached the governor who came to visit me. People came from all over the city to see me. When the governor informed the central government of the country, he was instructed to arrest me and conduct an investigation to uncover this mystery. This investigation was called "the file of the ghost." After my arrest, the authorities revealed to me that the whole region was in turmoil because of me. And if it turns out that my story was wrong I will be publicly punished. At this point, I was influenced by powerful demons. I was unstable and very strong, and I could break the chains because my strength was not ordinary but demonic.

I remember one day while I was in my prison's cell, the soldiers and the police came to beat me up, because they thought that I was a usurper. But that day I had beaten a whole division of the police. They had to look for reinforcement to restrain me. And later I was chained. That very day, a pastor was walking in the neighbourhood when he saw a crowd in front of the police station. The police explained to him my situation, but he insisted on seeing me even though the police had warned him of the danger he in doing so. This pastor questioned me and prayed for me. He proposed to the authorities to take me to church, but he was informed by the regional authority that my file was under investigation by the provincial and national governments.

So I spent six months in the regional police jail and the government managed to retrieve my death certificate and my burial permit. This terrified them because they were now convinced that they were dealing with an unprecedented and paranormal situation. They were dealing with a man who died 3 years ago and who reappeared. They made telephone contact with my mother and they summoned her to the Eastern Province for an interview so as to advance the investigations. They said to my mother, *"Mr. Matthieu Badjoko who is presently with us, is he your son? We have his death certificate and his burial permit."* My mother confirmed that I was her son.

Later, they undressed me and they asked my mother to identify the different scars on my body. My mother identified all the scarring spots on my body and

she explained to them the history and origin of these scars. After that, the national government instructed the regional government to arrest my cousin who had sacrificed me for questioning. And during his interrogation, my satanist cousin confessed being at the root cause of my death. Beloved, it was thanks to the hand of God that Jacqueline had not killed me, because we are dealing here with a high-ranking demon.

I remember after my return to life, I had to be baptized but I was seriously under the control of forces of darkness. It was only men of God who could manage my situation because I had a demonic force. At one point, I had to be baptized but having lived in the world of satan for 3 years, ***I knew the secret of the Catholic church working with the devil and many pastors who made a pact with satan.*** So I was careful. I needed a serious and authentic man of God for my baptism and my deliverance. To tell the truth, my deliverance was not easy because my cousin who had sacrificed me had landed in the complex of the local authorities where the pastor was taking care of me with a mystical helicopter. There were pastors and soldiers who witnessed these paranormal demonstrations. My cousin had come to take me away and get me back to the mermaid Jacqueline who was looking for me, but it did not work. This was a spiritual and physical fight.

When my cousin had landed his mystical and physical helicopter in the parcel of the local authorities where I was kept, he came out of the helicopter dressed in white and he was holding a briefcase filled with money. He entered the office of the official authorities where the pastors were and asked them: *"What will the family of Matthew give you for your efforts? Take this briefcase of money and go to do business, but first you must handover Matthew to me."* At this very moment, pastors began to exercise authority over him. They used the name of Jesus against him. He disappeared before them. During my prayers of deliverance, he was trying to capture me and take me to the submarine world where I had been.

Apart from my cousin the occultist, I was also threatened by my mermaid wife that I had left in the underwater world with 4 children. She was disappointed and she begged me to come back to her. While I attended the prayers of deliverance, she came to harass me and to beg me. Pastors could listen to her voice, but they could not see her. She came every night. Sometimes I woke up in the morning and saw her sleeping by my side. And every time she appeared, I called the pastors who could not see her, although they heard her voice. She complained and cried, saying, *"How can you leave me with the children like this?"* I knew that this woman was a demon, even the children we had there are demons and are very dangerous.

21- My water baptism and my deliverance

When I came back to life, many pastors told me that I had to receive the baptism of water, but I did not want to be baptized by these pastors because I remember before I died, I was Catholic. But when I was in the submarine world I learned a lot of secrets about this Roman church as well as famous pastors of this world. I saw pastors and priests who regularly came to meetings and summits organised by lucifer. I knew that many pastors were servants of satan. So I was

suspicious of pastors and did not want to be baptized by them. But one day while I was sleeping, I had a vision in which the Lord recommended me to receive the baptism of water, but I resisted the Lord.

Later, when pastors prayed for my deliverance, they received the same message in a vision. The Lord insisted, and warned them that if I refused to take the baptism of water I would become mute for 3 days. After a few days when I woke up in the morning, I realised that I had become dumb. I was amazed. I started to communicate with people by signs. Pastors had to schedule a day when I was supposed to receive water baptism. There was a quarrel between the pastors for my baptism. I had become so popular that pastors were fighting to baptise me. Everyone wanted to baptise me to capitalise on my popularity. There was disagreement between these pastors.

Later on, the Lord intervened and revealed what was going to happen on the day of my baptism. He warned that anyone who wants to baptise me must know that the day of my baptism long demonic serpents will attack the baptismal service in an attempt to prevent it. This oracle of the Lord Jesus Christ discouraged many pastors who were fighting to baptise me. Among those who accepted to baptise me despite this oracle of the Lord, I chose an apostle for this service. At that time, I was very short and my eyes were all white. I had no pupils and I was unstable. Sometimes I lost control because forces of darkness were influencing me. On the day of my baptism there were many people on the river who came to attend, because my story was widespread in the area. ***I understood that baptism is essential in Christian life***, because after my baptism, the demons who controlled me were gone and I was totally free.

On that day, I was in the water with many pastors. They were singing hymns, praises and adorations. After praising and worshiping the Lord, the apostle began the service of baptism. As soon as he started this service, I heard the crowd of people on the river scream. In fact, two large cobra snakes moved towards us. The people who came to attend this service escaped, and the pastors who were assisting us and who were in the water came out of the water to run away. I was left alone with the apostle. I saw the first snake coming from the left side. It was hitting the water and doing an up and down movement. The crowd was watching this scene from afar and was screaming. I watched what this snake was doing. I noticed that the apostle had his eyes closed; he did not want to look. He had his eyes closed long before people started screaming. While the crowd screamed, I watched what the cobra was doing and then it disappeared from the water.

Then I saw the second snake. It approached us and he encircled us. While the apostle still had his eyes closed, the serpent lifted its head from the water. It was about 5 meters long. To tell the truth, this snake was Jacqueline, the mermaid of the toilet, one of satan's wives. This snake was staring at me, and then she started talking to me and complaining. She said to me: *"Matthew, I loved you very much and I gave you everything, but is this what you do to me? I'm disappointed at your actions and your attitude."* While this mermaid spoke to me, the apostle listened but he had his eyes closed and he did not want to see all this. He was focused on the prayer of protection against the serpent.

When the Holy Spirit seized him, he took me and plunged me into the water and took me out. Immediately after that, Jacqueline disappeared.

After investigating my history, the national government concluded that my story was true. They took me to the capital. They wanted me to work for them but I knew them all, from the president to the members of the government and parliament. They all signed pacts with the devil. One day I was in their meeting, one of their leaders was late, but when he came I noticed that his upper part was that of a demonic beast, and his lower part human. He was a Luciferian.

Later, the first lady of the country gave money to the authorities of the intelligence agency to get me clothes. We were in a supermarket doing some shopping, but the gentleman who sold in that supermarket was not an ordinary man, but a ghost who was already dead. When this man saw me, he panicked because he knew I knew his identity. As soon as he noticed that I knew his identity, he disappeared from among his workers. It was terror among the workers. The news spread about this, but intelligence agents were not happy because they were all in occultism. **[End of the Testimony].**

22- Lessons to Learn

The following teaching is a set of lessons that we can draw from the testimony you have just read, and a call to repentance that we give you. The fabulous story you just read is quite clear. But for those who in spite of everything still have some doubt, all the other material proofs such as the death certificate, the burial permit, the report drawn up by the registrars when he reappeared, and the different photos of the patient, the deceased, and the burial are available. You will find them in a short video of 6 minutes 18 seconds published on the website www.mcreveil.org, under the title "**Revenant**". Now that it is proven that this testimony is true, and that this unprecedented fact will henceforth be part of our daily lives, it is important for us as thoughtful men to learn from it.

Let us start this "Lessons to Learn" section with a review of what the Bible says. Although this case is already clear enough, it is always important for us to bring it closer to the word of God, to better appreciate it. Finding out what is said about death, about Hades, and about the resurrection of the dead, and seeing if there are any examples of such cases in the Bible, will be very useful in the kind of warfare that we will lead from now on. Our faith would be strengthened.

The Bible from one end to the other speaks to us only of eternal life. Seeing people dying around us every day, and knowing that we are also called to die one day or another, one may wonder how the Bible can speak of eternal life. If God in His word speaks to us about eternal life when we are supposed to die, it is because He knows that physical death on earth is only a passage to a much longer life than that which we live on earth. Death and resurrection are no longer empty words, but rather the reality that awaits every human being.

Know therefore, dear brethren and dear friends that eternal life awaits you, and you will be unable to avoid it. After life on earth, another life awaits us. Whether you serve God or serve satan, another life awaits you. Whether you give your soul to Jesus Christ by accepting Him as your Lord and your personal Saviour,

or that you rather sell your soul to lucifer, by signing abominable pacts with the occult world and satanic sects such as Freemasonry, Rosicrucian Order and other esoteric lodges, to have glory, power, might, fame, and riches on the earth, another life awaits you. And that life will be eternal.

The notion of death and resurrection, whether transient or definitive, is therefore well taught in the Bible. Except for those who will have the privilege of being raptured according to the promise of God in 1Thessalonians 4:13-18, every individual on earth will die, and will be resurrected. This fact is established, and no one can do anything against it. The Bible says in John 11:25-26: "*Jesus said to her, "I am **the resurrection and the life**. He who believes in me will live, even though he dies; and whoever lives and believes in me will never die. Do you believe this?"*" The Lord thus clearly announces the notion of death, resurrection, and eternal life.

John 5:28-29 tells us, "*Do not be amazed at this, for a time is coming when all who are in their graves will hear his voice and come out - those who have done good **will rise to live**, and those who have done evil **will rise to be condemned**.*" The resurrection is therefore not something reserved for the privileged few, but rather a thing for every human being.

Some fortunate people will have the privilege of not experiencing death, but of leaving the earth by the rapture, as we read in **1Thessalonians 4:13-18**, "*Brothers, we do not want you to be ignorant about those who fall asleep, or to grieve like the rest of men, who have no hope. ¹⁴We believe that Jesus died and rose again and so we believe that God will bring with Jesus those who have fallen asleep in him. ¹⁵According to the Lord's own word, we tell you that we who are still alive, who are left till the coming of the Lord, will certainly not precede those who have fallen asleep. ¹⁶For the Lord himself will come down from heaven, with a loud command, with the voice of the archangel and with the trumpet call of God, and the dead in Christ will rise first. ¹⁷After that, we who are still alive and are left will be caught up together with them in the clouds to meet the Lord in the air. And so we will be with the Lord forever. ¹⁸Therefore encourage each other with these words.*" We will not treat the topic of rapture in this teaching. It has already been the subject of a study that you will find on the website www.mcreveil.org.

To return to the subject that concerns us, we will examine some cases of resurrection in the Bible. We find several cases of resurrection in the Bible; but in order not to render this teaching unnecessarily long, we would only take three. We would take a case of the resurrection of a dead person but not yet buried, a case of the resurrection of a dead person already buried, but who spent only a few days in death, and a case of the resurrection of people dead and buried for a long time.

Acts 9:36-41 "*In Joppa there was a disciple named Tabitha (which, when translated, is Dorcas), who was always doing good and helping the poor. ³⁷About that time she became sick and died, and her body was washed and placed in an upstairs room. ³⁸Lydda was near Joppa; so when the disciples heard that Peter was in Lydda, they sent two men to him and urged him, "Please come at once!" ³⁹Peter went with them, and when he arrived he was taken upstairs to the room.*"

All the widows stood around him, crying and showing him the robes and other clothing that Dorcas had made while she was still with them. ⁴⁰Peter sent them all out of the room; then he got down on his knees and prayed. Turning toward the dead woman, he said, "Tabitha, get up." She opened her eyes, and seeing Peter she sat up. ⁴¹He took her by the hand and helped her to her feet. Then he called the believers and the widows and presented her to them alive."

John 11:1-45 *"... ³¹When the Jews who had been with Mary in the house, comforting her, noticed how quickly she got up and went out, they followed her, supposing she was going to the tomb to mourn there. ³²When Mary reached the place where Jesus was and saw him, she fell at his feet and said, "Lord, if you had been here, my brother would not have died." ³³When Jesus saw her weeping, and the Jews who had come along with her also weeping, he was deeply moved in spirit and troubled. ³⁴"Where have you laid him?" he asked. "Come and see, Lord," they replied. ³⁵Jesus wept. ³⁶Then the Jews said, "See how he loved him!" ³⁷But some of them said, "Could not he who opened the eyes of the blind man have kept this man from dying?" ³⁸Jesus, once more deeply moved, came to the tomb. It was a cave with a stone laid across the entrance. ³⁹"Take away the stone," he said. "But, Lord," said Martha, the sister of the dead man, "by this time there is a bad odour, for he has been there four days." ⁴⁰Then Jesus said, "Did I not tell you that if you believed, you would see the glory of God?" ⁴¹So they took away the stone. Then Jesus looked up and said, "Father, I thank you that you have heard me. ⁴²I knew that you always hear me, but I said this for the benefit of the people standing here, that they may believe that you sent me." ⁴³When he had said this, Jesus called in a loud voice, "Lazarus, come out!" ⁴⁴The dead man came out, his hands and feet wrapped with strips of linen, and a cloth around his face. Jesus said to them, "Take off the grave clothes and let him go." ⁴⁵Therefore many of the Jews who had come to visit Mary, and had seen what Jesus did, put their faith in him."*

Matthew 27:50-53 *"And when Jesus had cried out again in a loud voice, he gave up his spirit. ⁵¹At that moment the curtain of the temple was torn in two from top to bottom. The earth shook and the rocks split. ⁵²The tombs broke open and the bodies of many holy people who had died were raised to life. ⁵³They came out of the tombs, and after Jesus' resurrection they went into the holy city and appeared to many people."*

Without making any comments, these are three cases that prove to us that the case of our brother Matthew Badjoko is truly justified by the Bible. The resurrection of the dead by God is thus confirmed by the Bible; whether it is the resurrection of a dead person but not yet buried, or the resurrection of a dead person already buried, but who has spent only a few days in death, or the resurrection of people dead and buried for several months or even years like the case of brother Matthew we just read. Now, beloved, let us learn from it.

22.1- Spiritual Warfare

Christians used to pray only for sick people or dead people not yet buried, and even that case, they did so with a certain amount of unbelief and timidity. They had never thought that they could venture to pray with faith and commitment for the resurrection of people dead and already buried. If the Lord has given us

this case, it is to open our eyes, and to awaken us in relation to this other aspect of spiritual warfare that was hitherto hidden from us. Wake up and embark on warfare. Victory belongs to the Lord.

22.2- Who should you fight for?

You must fight for all those, Christians or not, who died before their time, and of whom you are convinced that they were killed by sorcerers. You may wonder if Christians too can be killed by sorcerers and satanists; the answer is yes. This is what happens around us every day. Considering the degree of warfare that the world of darkness wages against us, many Christians are dying as victims of this fierce war against satan's camp, which includes demons in spirit, demons in flesh, and other satanists and sorcerers. And they are so many, and fight against Christians second after second.

22.3- For whom not fighting at all

You must not waste a single minute praying or fighting for sorcerers who have been victims of their own incantations, and for those who voluntarily signed pacts with satan and whose pacts have turned against them. Nor should you waste time for those to whom you preached the Gospel, and who decided to be stubborn despite the many warnings and opportunities for repentance that God had given them. All those who themselves sought death by their extreme wickedness or their commitment to satan in witchcraft and the abominable sects, waste no time on their case.

22.4- How should you fight?

Now that you know that all these people killed by sorcerers are in slavery suffering atrociously, you must fight a committed battle. You must strike with **strength and violence** all the satanists who use as slaves those for whom you pray. You must cover the spirit, soul, and body of those for whom you pray with the blood of Jesus, and untie them from all the chains of the dark world in which they are held captive.

You must destroy all the incantations made to keep them in the world of satan, and set them free in the name of Jesus Christ the living God. Lead this warfare with rage and with great faith. Conduct this warfare relentlessly until you reach total victory. Satanists are not as strong as you think. They are strong only because the people of God let them be. It is therefore time for the people of God to finally wake up and lead a warfare worthy of the name. That is why the Lord has chosen to put this kind of testimony at our disposal.

Know once again that many of those captured by satan and his agents can be released. You just have to embark on a real spiritual warfare, and carry it out as it should, that is, with seriousness and determination. What had to be defeated in order to win in this kind of warfare was unbelief related to the fact that no one could imagine bringing back someone who had been dead and buried for a long time. The Lord has just revealed to us that this is possible. What is needed now for total victory is seriousness, great determination, and a real rage to

conquer. And this rage to conquer will come from the fact that you are convinced that your brother, or your sister, or your husband, or your wife, or your child, or your parent, is being used as a slave by some agents of satan. You must not sit back when faced with such situation. So, get up and fight!

If God has revealed to you satanists who hold your person, it is on them that you must focus in your fight. You must strike them by calling their names, and destroy them. They may be powerful, but if you hit them hard and constantly every day, they will eventually be defeated. If you do not know the identity of these satanists or if you are not sure, you must just direct your fight on them, without naming them, with the same rage. Do not forget to hit all those who contributed to the death of the one for whom you pray. Spare none of them.

23- Call to Repentance

23.1- Message to unbelievers

Dear friends, you who have just read this testimony, if you have not yet given your life to Jesus, know that you are in danger. Sorcerers can kill you at any time, to make of you a slave in the world of darkness, where you will suffer horribly until the end of the days God allocated for you, before you go to Hell to burn for eternity. Here is the moment to save yourself and protect yourself against this risk. To get there, you must be born again. In other words, you must accept Jesus Christ as your Lord and your personal Saviour, confess all your sins, and be baptized in water for the forgiveness of your sins. Do not take the risk of postponing your salvation to tomorrow, since you do not know what the next day holds in store for you. Do not be stubborn to death hoping to enjoy the same grace as Matthew. Know that this grace is unfortunately not given to everyone.

For those of you who say you are Christians, but have not gone through new birth, that is, the confession of sins followed by water baptism by immersion, here is the time to really accept Jesus, by a true repentance in accordance with the Bible. Do not fall again into the trap of believing yourself a Catholic christian or an Evangelical christian. The true Christian disciple of Jesus Christ is the one who has invited Jesus Christ into their life, who confessed their sins with the commitment to abandon them, and who has been baptized by immersion, that is to say in the water, for the forgiveness of their sins. For you who have received a few drops of curses on your head as baptism, stop deceiving yourself. You are still in satan's camp; and if death surprises you in your state, Hell has begun for you. If you have any questions about water baptism, refer to the teaching on Baptisms that you will find on the website www.mcreveil.org.

As long as you have not given your live to Jesus, you are at satan's mercy. As you have just read in this testimony, many of those who work in large plantations, in shops and other supermarkets, are ghosts. And many products that you buy in markets, come straight from satan's world; and when you consume them, you are directly initiated into witchcraft. Whereas those that have Jesus pray before going shopping, so that the Lord will lead them not to buy products made in the world of satan.

23.2- Message to traders and the greedy

You who are ready for anything to have money, you who do not hesitate to sell your brothers or your friends in witchcraft to have money, know that your end will be terrible. Not only will satan with whom you sign pacts and who promises you wealth will turn against you and swallow you once he has trapped you, but you will not escape God's wrath for your wickedness. God's judgment against you will be proportional to your cruelty.

This is the time to repent and renounce witchcraft. You can still escape the chastisement that awaits you, if you accept Jesus Christ now as your Lord and your personal Saviour. Do not take the risk of being stubborn. Take no risk of postponing your salvation to tomorrow. Satan is watching you. Your days are numbered before him. As soon as he gets the slightest error, he will sacrifice you. Invite Jesus into your heart now, and seek to go under His protection.

23.3- Message to those who want to become rich, powerful, and great in this world

You who want to become rich, powerful, and great in this world, know that to be great, to be powerful, to be famous, to be rich and influential in this world, it is absolutely necessary to make pacts with satan, and to prostrate before him. Power and glory of the earth are under satan's control, and it is he who gives it to whomever he wants, as we read in Luke 4:5-7 *"The devil led him up to a high place and showed him in an instant all the kingdoms of the world. ⁶And he said to him, "I will give you all their authority and splendour, for it has been given to me, and I can give it to anyone I want to. ⁷So if you worship me, it will all be yours."*

You cannot obtain the glory, fame, power, and wealth of this world without going through satan, and the only condition to get there is that you sell him your soul, to spend your eternity with him in Hell. Before running after the vanity of this world, know that it is at the cost of your life and of your eternal life, that satan will offer you what you ask him. He will never give you something for nothing. The pact you make with him, you will regret it bitterly, and this in the next few days. It is Hell that awaits you for all eternity. Now is the time to accept Jesus Christ to spend your eternity with him in His kingdom.

23.4- Message to celebrities and athletes

You who sign pacts with lucifer to be famous, to have the glory of this world, to become rich and to be honoured and respected by everyone, know that the contract you signed with satan will someday turn against you. It is just a matter of time. Satan will trap you, put an end to this contract without prior notice, and you will end your life as a simple slave in his world, waiting to suffer Hell for eternity. You have examples of some of your colleagues who have already been killed by satan, and who are currently paying the price of the confidence they had in him. You may be telling yourself that you will do everything to avoid making the mistakes they made to be killed by satan. You are wrong. With satan, you will always make mistakes. He knows how to set you traps, and he always

knows how to get you. If you are stubborn, you will understand it in the days ahead. Remember once for all that satan never gives something for nothing. It's your life that will pay for everything you receive from him. Seize this opportunity that God grants you, to flee the hellish world of lucifer, and save your life, seeking refuge in Jesus Christ.

23.5- Message to sorcerers and other satanists

To all of you who are in witchcraft, occultism, and satanic sects such as Freemasonry, the Rosicrucian Order and other esoteric lodges, you who spend all your nights in cemeteries, in abominable meetings in satan's world, know that your end will be sad. Lucifer, whom you are serving for the moment, knows very well that Hell awaits him for eternity. It's a trap that he is setting for you to suffer the same fate as him. Do not fall into his trap. Stop believing in his lie. You will no doubt be tempted to ask yourself whether it is not too late for you, or whether it will still be possible for you to break free from the pact signed with lucifer, and to be forgiven after all the abominations in which you plunged yourself. The answer is yes. Jesus Christ is ready to forgive you all your wrongs and all your crimes, regardless of their gravity. Give Him your life now, and seek refuge in Him. If you want to accept Jesus Christ as your Lord, your personal Saviour and your new Master, go on your knees and invite Him sincerely into your heart. He will accept you and lead you to the path of your total deliverance. Also feel free to contact us if you need help.

Grace to all who love our Lord Jesus Christ with an undying love!

Invitation

Dear brothers and sisters,

If you have run away from fake churches and would like to know what to do, here are the two options available to you:

1- See if around you there are some other children of God who fear God and desire to live according to the Sound Doctrine. If you find any, feel free to join them.

2- If you do not find one and wish to join us, our doors are open to you. The only thing we will ask you to do is to first read all the Teachings that the Lord has given us, and which are on our website www.mcreveil.org, to reassure yourself that they are in conformity with the Bible. If you find them in accordance with the Bible, and are ready to submit to Jesus Christ, and live by the demands of His word, we will gladly welcome you.

The grace of the Lord Jesus be with you!
